Migrations Agents Update

Dear Agent,

Welcome to the latest edition of our Migration Agents' newsletter for our migration agent partners.

In this edition, we explain the new occupations we are assessing for the Industry Labour Agreement and provide an update with more detailed guidance to the profession of a university lecturer.

We also have two new blogs with information to help applicants, and you have the option of downloading printable versions to share with your clients.

We are conducting a series of FREE Skills Assessment webinars followed by live Q&A sessions on Wednesday, 1 July 2020.

As a valued partner, our team is working hard to help you with applications. We're still taking applications for both trade and professional occupations and we will keep you updated as we have more news.
